NEW HAZELTON, B. C., OCTOBER 7 1927

No. 14

## Terrace Notes

Mr. and Mrs. S. F. Mills left the end of last week for Smiths Falls, Ont., to make their home in future. They made many friends here during their five years residence and their departure is much regretted.

The W. A. of the Anglican church met at the home of Mrs. Halliwell on Thursday afternoon.

The Ladies Guild of the United Church met at the home of Mrs. Christie on Thursday.

The sale of vegetables donated for the Harvest Thanksgiving service were sold at auction by F. C. Bishop for the benefit of the Hospital Auxiliary. Bidding was lively and the proceeds amounted to \$10.85.

The Terrace Board of Trade met in G. W. V. A. hall on Tuesday night for general business. There was discussion of a number of matters and the welfare of the town and district is being advanced all the time.

R. W. Clayton left Friday for Rupert for the winter. He has secured a situation. The bake shop here will be closed. His family will remain for the winter.

Major Hearn and R. McRae of the hatchery staff were week end visitors in Terrace.

A special children's service will be held in St. Matthews church on Sunday morning, Oct. 9th. Rev. Wm. Rolinson will occupy the pulpit the subject of his address will be "How Money is Made." A children's choir will supply special music at both services.

Mr. and Mrs. Sims returned home on Sunday after a pleasant holiday spent with friends in Ottawa and other eastern points.

R. Beecher left Sunday for Prince Rupert for medical treatment.

The Parent Teacher's Association will hold their regular monthly meeting in the school house on Thursday, Oct. 13th. Besides the business session there will be a short musical program and an address by Mr. Holmwood. Come and bring your friends and help make the association a success. It is worthy of it.

C. R. Gilbert was in Prince George last week.

Mrs. C. R. Gilbert accompanied Miss Deacon to Prince Rupert Thursday, returning the following day.

Mrs. Downing and son spent the end of the week at Salvia.

John Vigers who has spent the last few months in Prince George district returned to Terrace the end of last week.

N. P. Modre, of Seattle, who has spent the last few months at Kallum Lake has returned to the south for the winter.

The W. A. to the Terrace Hospital held its regular meeting on Tuesday at the home of Mrs. Geo. Little.

R. Brearley of New Westminster visited Terrace early this week in the interests of his company who have a contract to take out cotton wood logs from this district to be shipped to New Westminster.

Fred Smith of Smithers was a visitor in town this week.

## YOUNG PEOPLE ORGANIZE

### Boys and Girls of Knox United Church Have Started Season's Work

A very successful session of the Terrace Canadian Girls in Training was held in Knox United Church hall last Saturday. The following officers were elected for the ensuing year:—Pres., Evelyn Thomas; vice-pres., Adeline Thomas; secretary-treasurer, Nora Scamen. It was decided to accentuate on each of four Saturdays of the month, one phase of the four-fold program. A committee was elected for each Saturday and each committee to be responsible for the program of its meeting. The convenors of committees are as follows:—Physical, Annie Allen; Intellectual, Ethel Moore; Spiritual, Margaret Glass; Social, Carmen Smith. It was further decided to adopt as one of the activities of the year the formation of a young people's choir and study of singing in parts.

The Terrace Trail Rangers have also reorganized for the year and last Friday night, Oct. 7th, the following officers were elected for the year:—Chief Ranger, Elmer McConnell; Sub-Chief Ranger, Sidney Scamen; Tally and Cache, Billy Allen. The name of the group will be "Onwegoes."

## SHOWER FOR THE HOSPITAL

The special shower arranged by the Woman's Auxiliary to the Hazelton Hospital on September 23rd resulted in the following articles being contributed, and for which the hospital management wishes to express its appreciation:—

Mrs. Hogan, pound tea; Mrs. Tomlinson, pound of tea; Mrs. Graef, one pound of tea; Misses Scott, soda crackers; Mrs. Anderson, pound of tea and of cocoa; Mrs. Dugate, two packets of puffed wheat; Mrs. Winsby, ten pounds sugar; Mrs. B. Campbell, 20 pounds sugar; Mrs. Wrinch, 50 lbs. of sugar; Hudson's Bay Co., 50 pounds of sugar; Mrs. Newman, milk and cream; Mrs. Turnbull, ten pounds of sugar; Mrs. Proctor, quart huckleberries; Mrs. Ticehurst, ten pounds sugar; Mrs. Cox, two handtowels; Mrs. J. H. Young, 3 jars jelly; one tin baking powder; Mrs. Sharpe, pound tea; Mrs. Seally, two jars jelly; Mrs. Boden, pound tea and of coffee; Mrs. Grant, 4 boxes soda biscuits; Mrs. and Miss Chappell, four tins chocolate; Mrs. R. S. Sargent, chocolate and assorted biscuits; Mrs. Cary, cornflakes; Mrs. J. Newick, pound tea and tin chocolate; Mrs. Lee, Six jelly powders; George Crow, 3 sets muffin tins; Wm. Compton, soda biscuits; Women's Auxiliary, six toilet sets complete, one pyrex pie dish, one pudding dish with cover.

## AMONG THE SPORTSMEN

A few of the local sports have been getting an occasional duck, but they (the birds) do not seem to be stopping on the local lakes in as large numbers as usual. It might be a little early for them. The good resulting from the closed season for grouse is very noticeable already. Quite a number of birds are seen on the roadways and a couple were calling on old friends in town this week looking for a handout. One enthusiastic hunter reports having seen a moose on the road when he was motoring to Smithers last week end, but of course he had no gun. But that does not say he didn't see the moose.

Miss Mona Greig has accepted a position in Sparkes Bros. store.

Mrs. L. G. Skinner of Copper City was a visitor here Monday.

## PERMIT SYSTEM TO PACIFIC

### Preparations for a Heavy Grain Business to Pacific Ports—Local Line in Good Shape

With the first car of wheat of the 1927 crop now in Rupert and the more steady flow of train loads beginning the end of this week or next week, it will be interesting to know that the railway has decided to adopt the permit system again on grain shipments to the Pacific ports of Prince Rupert and Vancouver. It worked very satisfactorily last year from the railway's point of view and enabled the handling of a much greater tonnage. The permit system prevents congestion of grain at any one point to the detriment of all concerned. Prince Rupert port is this year expected to handled several times as much export grain as was put through that elevator last year. Two factors will make this possible—the elevator is all ready for the early shipments, the boat service is better organized, and the Canadian National Railway road bed is in vastly better shape for handling heavy traffic than ever it was, due to the extensive improvements made during the past summer. This will be a busy fall and winter on the Canadian National.

## FIRST SCHOOL FAIR WINS

### Teachers and Pupils Receive Credit From Parents and Spectators

The school fair was held in the Kitsungallum school last Friday and was attended by a large gathering of parents and friends of the youngsters. Many of the entries in the different grades would have been creditable to much older pupils. This was particularly noticeable in the sewing class. The hand work on many of the articles were worthy a place at the fall show. The cooking department was a marvel to many mothers and now a lot of little girls are going to be taken more into the home work and get a rest from that pesky dusting all the time where there ain't no dust.

There were many interesting pieces of wood work by the junior boys who are developing ideas as well as talent. There were was an interesting display of coins, stamps, tree twigs and native woods. The school work also reflected much credit to both staff and pupils, and the competition was very keen. The Copper City school made numerous entries and did well in the honors won. Afternoon tea was served. It was in charge of Miss Elderkin and a number of the older pupils. The fair was altogether a pleasant surprise to the spectators, and it is worth following up each year.

## BOOZE ON INDIAN RESERVE

Two cases of having liquor on the Indian reserve were heard by Magistrate Hoskins in the Hazelton police court. One was against a transfer man who was delivering a package to a white man living on the reserve and the other was against the man who received or was about to receive the wet goods. Both cases were dismissed. If the Indian Act were to be enforced as per the letter very little, if any liquor, could be consumed in Hazelton. Most of the whites live on the reserve and all roads leading to Hazelton pass through the reserve. Thus the magistrate took the view that so long as the whites are permitted to use the reserve it would be pretty tough on them to shut off their bottle.

The B. D. Bridge Club met at the home of Mrs. Geo. Dover on Tuesday evening last.

## ANOTHER SURVEY FOR ROAD

### To Connect New Hazelton with a Possible Bridge Site at the Hospital Being Made

Another survey for a road on the south side of the Bulkley river to New Hazelton from a proposed crossing of the river at the Hospital, is being now made. This is just a preliminary step to see what kind of a route can be secured and what grade will be necessary. Getting a new site for the high level bridge is just about as big a problem as the engineering department in this district has been up against. It was a big problem some dozen or more years ago when able engineers and surveyors were looking for a site that resulted in the high level bridge being built where it is now. Distances, and grades and crossings were all thoroughly gone into then and everything discarded except the present site. At that time the engineers had only one object in view, viz., the best grade for traffic, the shortest distance and permanency of location. They found the perfect site and all the hunting from now until judgment day will not locate a better site. Some other purpose than the original may now be in the minds of the powers that be. That will be ascertained when the public meeting is called and the government puts its cards on the table.

## HANSON'S BOOM BROKE

Owing to heavy rains and the sudden rise of the Skeena and Klappan rivers there was a rush of poles from all along the Skeena to the Hanson boom at Cedarvale on Sunday with the result that a couple of thousand poles broke loose and headed for the coast. It was not long, however, before a lot of men were on the river fishing out the poles and practically everything was salvaged, but not at a profit by any means. So successful has the big pole company been with their drive this year that it began to look as if the Skeena had been conquered by the river drivers. The big drive for the season had been about completed too.

## INTERESTING LETTER RECEIVED

### Hazelton People will be Pleased that They Made Good Impression

To the Editor Omineca Herald:—Dear Sir:—Through the medium of your paper we should like to thank the people of Hazelton for their kind hospitality. We leave with much regret and should liked to have stayed much longer in such a beautiful spot. There is everything in Hazelton to make it a noted tourist resort, which we believe it will in time become—fishing, climbing, hunting, motoring through beautiful scenic spots and the winter sports. It is truly a place to be proud of if it only had a few acquisitions, such as water works large hotel, electric lights, and such things as a municipal council could do to improve Hazelton. It will not be thro any lack on our part if Hazelton does not get advertised wherever we go.

Yours very truly,

H. & A. Scott

There is talk of the girls forming a basketball club in New Hazelton.

Due to stormy weather the first part of the week all wires have been down east and west and no news has been received from the outside. The storm seems to have been pretty general too.

Mrs. McPhail of Hazelton was in Terrace this week attending the funeral of the late Florence Vanderlip.

## TERRACE MOURNS LOSS OF A BRIGHT YOUNG LIFE

### Miss Florence Vanderlip Passed Away Suddenly on Saturday Afternoon in Prince Rupert

News of the sudden death in the Prince Rupert hospital of Miss Florence Vanderlip on Saturday, Oct. 8th, came as a great shock to relatives and friends, a gloom being cast over the whole community where the deceased was so well and so favorably known. After spending a short holiday with friends in Hazelton she returned home Sunday and, although not feeling well, resumed her occupation and was about town as late as Friday evening. During the night her condition became alarming. The patient was taken to Prince Rupert on the Saturday train, accompanied by her father, but she passed away soon after being admitted to the hospital. Death was due to acute diabetes.

The remains were removed to the B. C. Undertaking parlors and from there to the train on Monday, accompanied as far as the depot by members of Tsmplan and Tyee Lodges, A. F. & A. M. and members of Rebecca Lodge. Upon arrival of the body in Terrace a public service was held in Knox United Church and Rev. Wm. Allen conducted the services. The church was crowded with friends of the deceased and of the family. Rev. Allen also conducted the service at the grave.

The late Florence Vanderlip was born in Ribstone, Alta., on May 24th, 1908 and came to Terrace with her parents in 1919. She attended public school here and for the past four years she was on the staff of Sparkes Bros. and was a popular employee both with the public and her employers. With the young people she was a leader and she will be greatly missed in town.

The late Miss Vanderlip leaves to mourn her loss a father and mother, one brother, William, Victoria, B. C., a sister, Mrs. J. B. Agar and Arthur, who lives at home. To them is extended the sincere sympathy of their friends and of the community as a whole. The loss of one so young and useful in the community is keenly felt.

The floral tributes were beautiful and numerous. Among those contributing were:—

The Family, Mr. and Mrs. Wm. Vanderlip, Victoria, Mr. and Mrs. J. B. Agar, Mr. and Mrs. Sparkes and Jack, Geo. Bowie, Edmonton, Roger and Jim Walsh, Hazelton, R. W. Beecher, Mr. and Mr. W. E. Smith, Sons of Canada, I. O. O. F., Mountain View Rebecca Lodge, Rebecca Lodge, Prince Rupert, Mr. and Mrs. Fred Nash, Mr. and Mrs. P. R. Skinner, Ust, Mrs. A. J. Kirkaldy, Mr. and Mrs. E. T. Keeney, Mr. and Mrs. Richmond and Mrs. Ardagh, Mr. and Mrs. D. W. Cassell, Mr. and Mrs. W. T. Atwood, Mr. and Mrs. Robt Braun, Mrs. Jesdardines, Mrs. Muhro, Mr. and Mrs. Von Hess, Mrs. A. Ross, Miss Opal Cassell and Mrs. Law, Mr. and Mrs. Geo. Little, Mr. and Mrs. H. L. Kenney, Mr. and Mrs. Haney, Mr. and Mrs. R. W. Riley, Mr. and Mrs. Elwood Brooks, Mr. and Mrs. Bishop and Mabel, Mr. and Mrs. O. R. Gilbert, Mr. and Mrs. R. L. McIntosh, Mr. and Mrs. H. L. Frank and family, Baby Ardagh, Mr. and Mrs. C. H. Thomas, Mr. and Mrs. Geo. Dover, Mr. and Mrs. S. Kirkaldy, Mr. and Mrs. D. McKinnon, John Couture, Mary Desjardines, Mrs. L. J. Thornton, Smithers, Miss Eva Artress, Mr. and Mrs. L. Chretien Yornie Cote, Mr. and Mrs. F. Aiken, Madames Hippisley, Green & Skinner, Mrs. Grant and Family, Mr. and Mrs. Donald, Miss Atwood, Mary V. Smith, Ester Taft, Mr. and Mrs. J. McLaren, Mr. and Mrs. W. A. King, Mr. and Mrs. Henry Cote, Agnes Desjardines, J. Hartigan, Miss Mary Baduk and a number without cards attached.

In spite of the fact that this is the middle of October fresh flowers are still being gathered in most gardens in this district. The fall flowers were better this year than the summer flowers were.

## BRITISH COLUMBIA

THE MINERAL PROVINCE OF WESTERN CANADA

HAS PRODUCED MINERALS VALUED AS FOLLOWS:—

Placer Gold, \$78,018,548; Lode Gold, \$126,972,318; Silver, \$80,787,003; Lead, \$106,976,442; Copper, \$209,967,068; Zinc, \$50,512,557; Coal and Coke, \$284,699,133; Structural Materials and Miscellaneous Minerals, \$50,175,407; Making mineral production to the end of 1926 show

AN AGGREGATE VALUE OF \$988,108,470

The substantial progress of the mining industry in this province is strikingly illustrated in the following figures, which show the value of production for successive 5-year periods:

For all years to 1895, inclusive	\$ 94,547,241
For five years, 1896-1900	57,607,967
For five years, 1901-1905	96,507,968
For five years, 1906-1910	125,534,474
For five years, 1911-1915	142,072,603
For five years, 1916-1920	189,922,725
For five years 1921 to 1925	214,726,650
For 1926	67,188,842

PRODUCTION DURING LAST TEN YEARS, \$429,547,755

Lode mining has only been in progress about 25 years, and only about one-half of the Province has been prospected; 200,000 square miles of unexplored mineral bearing lands are open for prospecting.

The mining laws of this Province are more liberal and the fees lower than any other Province in the Dominion or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute titles are obtained by developing such properties, security of which is guaranteed by crown grants.

Practically all British Columbia mineral properties on which development work has been done are described in one of the Annual Reports of the Minister of Mines. These considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports covering each of the six Mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, B.C., are recommended as valuable sources of information.

Full information, together with mining reports and maps, may be obtained gratis by addressing

### A TOWN'S REJUVINATION

Every merchant in every town in the province of British Columbia could profit by reading and re-reading the brief story told by Charlie A. Barber, publisher of the Chilliwack Progress, to the convention of the B. C. & Yukon Press Association assembled at Nelson two weeks ago. Mr. Barber was asked to tell the assembled newspaper men what effect the coming of a branch of the Spencer department store to his town had on business conditions in Chilliwack. His emphatic reply was illuminating.

Before Spencer's opened in Chilliwack the Progress was a four page weekly. Today it is eight-ten-twelve pages weekly. Previous to the coming of Spencer's the local merchants advertised only half heartedly—many not at all.

Immediately Spencer's opened in Chilliwack the page adv. appeared. Every merchant in the town awakened to the fact that something had happened. They jumped in. Everybody became a booster. Let Charlie Barber tell you with what results:—

"While conditions were such in his office, said Mr. Barber, that he made no money out of such a store's heavy advertising in his paper owing to the heavy composition costs and he being unequipped to put the composition through, he said it proved to the people of Chilliwack that their own stores could give as good service and as good prices as any elsewhere, increased the local buying at all the local stores, increased the buying radius of Chilliwack, and, strangely, even increased the buying in stores all over the district. The coming of the Spencer store which the merchants at first feared, was the commercial rejuvenation of Chilliwack, and a community that had sent most of its money to Vancouver learned to buy at home."

### CONSERVATIVES' AT WINNIPEG

From early reports of the convention of the Conservative party at Winnipeg it is evident that it is the largest thing of its kind ever held in Canada, also that the delegates started in early to wash out a lot of dirty linen. If little else is done than to get bitterness and ill feeling out of their systems the convention will have been a success. The three defeats of the federal party was due, not to policy, but to bitterness in the party, and chiefly among those at the head of the various factions. Mr. Meighen had a happy faculty (for the Liberal forces) of getting himself well disliked by his associates where ever he went and he never could see where he needed to change his attitude. Some of the big boys of the party cleaned out their systems and the probability is that when the convention wound up they were all good friends, with possibly a few shoved into the background where they belong. Up to the time of going to press the telegraph wires were still down and no news could be had as to who was the new leader or what else had been done at the convention.

When the Nelson people choose their representative to the local legislature on Monday next the political prophets will be in better shape to announce a time for a general appeal to the country by the Provincial government.

When the judges of the highest courts in B. C. start fighting and saying nasty things to and about each other it is getting serious, and if the general run of people take the judges' spats seriously law and order will suffer. There may possibly have been a political reason rather than judicial qualifications considered when some of the judges were appointed.

## SYNOPSIS OF LAND ACT AMENDMENTS

### PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to the value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin, How Pre-empt Land."

### PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

### HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and the land has been surveyed.

### LEASES

For grazing and industrial purpose areas not exceeding 640 acres may be leased by any one person or company.

### GRAZING

Under the Grazing Act the Province is divided into grazing districts, and the range administered under the Grazing Commissioner. Annual grazing permits are issued, based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and

## BEEF SCRAP VS SKIM MILK

Government Experimenters Decide one is as Good as the Other for The Laying Birds

It is generally acknowledged by the poultry-keepers that laying hens need a certain amount of protein supplied from animal sources. Vegetable protein cannot entirely replace animal protein for egg production. The two most common sources are beef scrap and skim milk; the former being a by-product from the abattoir sold on the market and the latter a by-product of whole milk found on most dairy farms.

With the object of comparing the results obtained from the use of skim-milk and beef scrap as a source of animal protein, an experiment has been conducted at the Dominion Experimental Farm, Kapuskasing, Ont., for the last three years. The average figures over that period show that there is no significant difference in the number of eggs laid, or in the cost per dozen between the two pens. This fact would seem to indicate that farmers who have a supply of skim milk would not benefit by purchasing other animal feed for their poultry, while other poultry-keepers may use beef scrap to good advantage.

The test has covered a period of six months each year from Nov. 1 to April 30th. One hundred pullets were used. These were divided equally as to size and general development into two pens of fifty birds each. The ration given to each pen was the same, with the exception of skim milk and beef scrap. The scratch ration consisted of two parts each of whole wheat and cracked corn and one part of whole oats and barley. The beef scrap was fed from a hopper and the skim milk from a drinking vessel. A supply of each was

available to the respective pens at all times. Mineral matter and green feed were also supplied to each pen.

## BIG DEVELOPMENT IS PLANNED

Ferguson Group in the Ingenika is to be Developed by Victoria Syndicate This Winter

The last issue of the Prince George Citizen carried the following report of proposed development in the Ingenika district that should interest many in this district:—

"Charles A. MacKay of Victoria, representing the Selkirk Mining Syndicate, arrived in the city last night. He brings word that the syndicate which owns the famous Ferguson group of claims on the Ingenika has completed arrangements for carrying on development work during the coming winter. The Selkirk Syndicate had negotiation under way with an eastern development company for a sale of a majority interest in the Ferguson property, but was unable to come to satisfactory terms. This deal is now definitely off and the syndicate will carry on work along lines recommended by Professor Turnbull of the University of B. C. who made an examination of the property during the summer.

"Mr. MacKay says a group of eight miners are on their way in. As trouble may be experienced on the Summit Lake waterway any time now the men and supplies are being rushed in. There is a carload of supplies to go in at once.

"The work decided on for the winter consists of driving two 500 foot tunnels on the No. 3 and No. 4 veins, and roughly 1000 feet of drifting from the same. The No. 3 vein occurs on the side of a large mineralized area, which includes the No. 2 vein, and hav-

ing a width of about 90 feet, and from the face of this 500 foot tunnel it is proposed to cross cut to both walls of the No. 3 vein, and also to carry a cross cut through the mineralized zone and through the No. 2 vein. The tunnels will start at a point which will approximate 200 feet of depth on the ore bodies being opened up. By next summer the Selkirk syndicate expects to have the Ferguson property opened to such an extent that there will remain no question as to the size of the several veins, or of the value of the ore contained therein."

## PREPARE STUBBLE FOR WHEAT

A great deal of experimental work has been carried out with regard to the methods of handling stubble land for wheat. It has been proven that early fall ploughing is superior to late fall ploughing both from the standpoint of yield and of weed control. Owing to the rush of spring work fall ploughing is recommended. If early fall ploughing is not possible, practically as good results may be obtained by cultivating or disking the stubble at harvest prior to the fall ploughing. For increased returns, provided the land is clean, prepare a seed-bed with out ploughing, by disking and cultivating the stubble both in the fall and in the spring. Sowing on the stubble without cultivation is to be avoided at all times.

## PROVINCIAL WINTER FAIR

The Provincial Winter Fair will be held in Vancouver this year early in December, and with it will be held the annual Potato and Seed show. The potato and seed growers are expected to take as much interest in this show as they have in the past in the Provincial Potato and Seed Show.

## Titled Farmers Till Canadian Prairies

Western Canada is becoming very popular with lords and ladies of high rank. From England, from France, from Denmark, and from Hungary,—to say nothing of Russian nobles, they are drifting to the prairies of Alberta and Saskatchewan to prosper on farms or ranches.

Everyone knows, of course, that the Prince of Wales has a large ranch in Alberta, stocked with thoroughbred cattle, sheep and pigs. But everyone does not know that along the shores of the Saskatchewan River at Fort Saskatchewan a twelve room house of graceful architecture and modern throughout has been built on a ranch covering a thousand acres where Lord and Lady Rodney, with their family, have decided to spend the rest of their lives, with occasional trips, of course, back to England to visit their friends and relatives. Before undertaking to run the ranch, however, both of them "hired out" as farm hands on a neighboring ranch until they felt that they knew something of conditions which homesteaders on the prairies are obliged

to meet. Now they are not only successfully running their own large farm, but friends in the nobility of England have sent out their promising sons to train under Lord Rodney before they, too, buy their own ranches. Lord Montague, son of the Duke of Manchester, is a pupil on Lord Rodney's ranch. The son of Lady Farquhar, of London, England, is another Lady Rodney's little son, John, although only eight years of age, helps his father round the farm and bids fair to being an experienced farmer before he is out of his teens.

One of France's wealthiest noblemen, the handsome Duc de Nemours, who attended the annual ride of the Trail Riders of the Canadian Rockies this summer, was so fascinated with the country round Banff and the Yoho Valley that he is reported to have bought some property and intends to return again next summer. Prince Eric of Denmark, whose marriage to one of Canada's best known society girls was an event much heralded, has expressed his intention of following the example of the Prince of Wales.

## Short Stories

### Close to Home

Mr. and Mrs. Cooper H. Wrench returned Tuesday evening from their honeymoon trip and were warmly welcomed to their home.

A meeting of the Community League, New Hazelton, was held on Monday evening when it was decided to hold a dance in the hall on Armistice Day night, Nov. 11th. This was the first meeting since the election of officers last July and a number of members were enrolled.

Mrs. C. W. Dawson who has been visiting with friends and relatives in the south for the last two or three months, returned Wednesday night.

Mr. and Mrs. Graef left last week end for Vancouver where they will put in the next few weeks playing around.

A. D. Chappell fell off a ladder last Sunday while helping hang curtains. He was not seriously injured, but he says, "no more house-cleaning Sunday for me if the house never gets cleaned."

There was a fair attendance at the Anglican church on Sunday morning and evening to hear Rev. A. W. Robinson deliver Harvest Thanksgiving sermons. The visiting clergyman impressed the congregation favorably. The church was nicely decorated and at the evening service Mrs. A. M. Falconer sang a solo.

The W. A. to the Hazelton Hospital will hold a masquerade Halloween dance on the evening of Friday, Nov.

28th, in Assembly Hall, Hazelton. Music by Mrs. Chappell. Admission: \$1.00

A small freight shed on the Canadian National dock at Prince Rupert was destroyed by fire last Friday night doing damage to the extent of \$6,500. The cause of the fire is unknown.

The Nelson By-election will be decided on Monday next. Both parties are putting a pa big fight for the seat of the late Premier Oliver. Only ten days were allowed for the campaign.

Reports from the Fraser Valley indicate that the crop of spuds there is no heavier than it has been throughout the northern interior. It is predicted that the prices will be fairly high. As the Fraser is one of the big sources of supply the report is about right. Those in the interior who have spuds will guide themselves accordingly. There is no particular rush to sell anyway unless one is short of money.

Indications at present are for the most successful season the fisherman on Francois and adjacent lakes have ever had.

Chas. Chapman and E. Preece, Glentanna, have shipped the first car of wheat from the Bulkley Valley of this seasons crop. There will be several more cars from other parts of the Valley as soon as threshing is done.

Ed. Hyde, Indian Agent, leaves next week for Babine for a week's official visit. He will go by car to Topley and take the trail from there.

Mr. and Mrs. Jas. Turnbull are on a month's holiday trip to Vancouver.

W. Ware of the Hudson's Bay Co.

was in Hazelton. He reported that work was being started on the Company's store at Kitwanga.

The ladies of Hazelton hope to get the Black Cat Bridge Club organized next month for the winter. The girls are feeling tied in too much these short days and long nights.

## Canada the Big Game Hunters' Paradise

miles, its enormous game resources and favorable water routes, is a most attractive prospect for the sportsman. Moose, deer and black bear abound in the Kipawa and Timiskaming districts, Upper Gattineau River, Lake Megantic, and the Laurentian Mountains, which Champion Gene Tunney visited last spring. Noted "going-in" places to this hunter's paradise are at Labelle, Nominigues, Lac Saguenay and Mont Laurier. Similar attractions are found in the province of Ontario, whose 407,000 square miles are heavily wooded and plentifully stocked with wild life. Attractive regions here include Georgian Bay, French River, Metagama, Schreiber, Jackfish and Nipigon.

Alberta has a great plenty of mountain goats, mountain sheep, deer, moose, grizzlies, caribou and a variety of small game, all of which can be conveniently reached from such noted "jumping-off" places as Banff, Calgary, Edmonton and High River.

British Columbia Cariboo and Cassiar districts offer the very biggest of big game in the Canadian Rockies. From Ashcroft, B.C., the hunter enters the Cariboo Country where, with other big game, are found the great shaggy grizzlies whose very ferocity lures the ambitious and daring sportsman. From Field, Kamloops, Revelstoke and Sicamous great numbers of hunters go every season in quest of the giant game in which these regions abound.

Canada is still the finest big game area in North America. Moose, deer and caribou abound in the provinces of Nova Scotia, New Brunswick, Quebec, Ontario, Alberta and British Columbia—the latter two offering mountain sheep, mountain goats and grizzly bears for good measure, but caribou may not be shot in Nova Scotia or New Brunswick. Early reports from veteran guides in all these provinces indicate that game will be more plentiful this year than for many seasons past.

Nova Scotia, fascinating country of Longfellow's Acadia, has in South Milford its most famous "jumping-off" place to the hunting districts bordering Lake Kedgemakooze, and Lake Rossignol. These lake regions are the haunt of the finest specimens of moose, deer and black bear. In New Brunswick, the hunter has thousands of square miles of big game country. From Plaster Rock, on the Canadian Pacific Railway, there is easy access to the wild life areas of the Tobique, Nepisiguit and Upsalquitche Rivers. Other noted game districts border the Miramichi, Keswick, Gaspereaux, Serpentine and Restigouche Rivers. Quebec, with its 700,000 square
